

THE ALL-NEW ŠKODA

KODIAQ

ŠKODA
SIMPLY CLEVER

INTRODUCING THE NEW 7-SEATER ŠKODA KODIAQ 4X4

The all-new 7-seater ŠKODA KODIAQ 4x4 has arrived and it intends to impress.

Built to the highest of standards, the KODIAQ combines 4x4 capabilities, impressive state-of-the-art driver assistance systems, innovative safety technology and extraordinary comfort and space, making it an ideal companion for families. And as in all ŠKODA vehicles, each Simply Clever feature is there to make life easier and put the KODIAQ in a class of its own.

The KODIAQ is yet another example of our philosophy – to build beautiful European vehicles packed with the latest technology, safety and features, whilst remaining incredible value for money.

That's Simply Clever. That's ŠKODA.

EXTERIOR DESIGN

Comfortable in any place and in all conditions, the ŠKODA KODIAQ combines a robust body with impressive off-road capability. Its precise, sharp lines are shaped by ŠKODA's new design language for SUVs - making it distinctive, yet timeless. Whether judged on its details or as a whole, it's clear that form and function are in perfect harmony.

Overseas model shown

FULL LED HEADLAMPS WITH ADAPTIVE FRONTLIGHT SYSTEM AND FOG LAMPS

The LED headlamps offer high-performance and high-energy efficiency. The AFS (Adaptive Frontlight System) adjusts the lighting intensity to specific conditions (e.g. city, motorway or driving in the rain), while the main headlamps boast an eye-catching integrated strip of LED daytime running lights. When in poor light, the LED fog lamps can come to the rescue, helping ensure your safety.

LED REAR LIGHTS

The rear lights and indicators have LED technology as standard, featuring ŠKODA's distinctive C-shape style, making the KODIAQ stand out in any environment.

SIDE VIEW

Get ready for lots of sideways looks. The sharp edges combined with smooth surfaces create unique conditions for the effective interplay of light and shadow. The square wheel arches and the protective sill makes this car equally at home on dirt roads or parked at the café strip.

PANORAMIC SUNROOF°

Welcome to blue sky thinking. The KODIAQ really evokes a feeling of freedom with its electrically-adjustable panoramic sunroof.

°Optional extra.

REAR VIEW

Looks good from any angle, even from behind. The silver roof rails enhance the already captivating exterior, while the vertical black extensions - which merge with the roof spoiler and border the rear window - improve aerodynamics. The LED rear lights penetrate deep into the fenders, perfectly illuminating the car from the side.

FIRST-CLASS TRAVEL

Packed with technology to make your every day journeys more enjoyable and easy. The only thing not packed into the KODIAQ's stylish interior are your passengers, up to 7.

Overseas model shown.
SmartLink featuring Apple CarPlay®

COLUMBUS NAVIGATION

The Columbus 3D navigation system features intuitive touch control on a 8" display, providing the driver access to the vehicle set-up, comfort options, Bluetooth®, SmartLink~ and much more.

CANTON SOUND SYSTEM^

With ten speakers – including one in the dashboard – and a subwoofer in the luggage compartment, the premium German Canton Sound System makes the KODIAQ's audio experience as awesome as its drive.

SMARTLINK~ FEATURING APPLE CARPLAY® AND ANDROID AUTO™

Your car and smartphone are now in perfect sync. The SmartLink~ system delivers a seamless connection between your car and selected apps from your smartphone using, Apple CarPlay® and Android Auto™ interfaces. Whether you want to select and listen to music on your smartphone or receive turn-by-turn directions, selected apps are mirrored and can be controlled via the KODIAQ's infotainment unit.

^Available with optional Tech Pack.

~SmartLink is compatible for selected apps with the latest smartphone versions of iOS and Android.

THERE'S ALWAYS HELP AT HAND

We've done everything to ensure that you arrive at your destination safely. The KODIAQ comes with plenty of assistants that help you react to various situations promptly. Some of the systems can even prevent an impending collision, all by themselves.

SURROUND AREA-VIEW**

You have eyes in the back of your head. With cameras located in the grille, external side-view mirrors and on the handle of the 5th door – with all pictures transmitted to the infotainment display – the driver sees everything outside the KODIAQ, enabling you to react quickly to whatever comes your way.

FRONT ASSIST INCLUDING AUTONOMOUS BRAKING*

The Front Assist safety system, which is standard across the KODIAQ range, uses a radar device in the front grille, monitoring the area in front of the car at speeds above 30km/h. Using predefined algorithms, it decides whether these objects pose a potential risk of collision and alerts the driver if the distance to object is insufficient – initially with a tone and an alert on the multi-functional display; followed by a warning jolt of the brakes. If the driver doesn't respond, the car will brake itself – all the way to a standstill if needed, helping to avoid a collision or reduce the severity of the accident. It can be turned off by the driver via the touchscreen. For vehicle speeds below 30km/h, City Emergency Brake is designed to help a driver avoid a low-speed crash or to reduce its severity.

Front Assist is standard on the KODIAQ.

ADAPTIVE CRUISE CONTROL (ACC)*

ACC*, which is standard on the KODIAQ, uses a radar device in the front grille, in addition to its basic cruise control function. This assistant system maintains a safe distance from vehicles in front of you. When ACC is activated, the vehicle automatically brakes and accelerates to a speed and distance set by the driver.

*Available with Luxury Pack.

*Safety technologies are not a substitute for the driver's responsibility for the vehicle.

TRAFFIC JAM ASSIST**

Always stay relaxed, even when in a jam. By controlling the engine, brakes and steering, it makes the vehicle firstly pull away, then brake and turn - copying the movements of the vehicles ahead (works at speeds of up to 60 km/h).

BLIND SPOT DETECTION**

Blind Spot Detection monitors the blind areas behind and beside the car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

REAR TRAFFIC ALERT **

All clear in the rear. This assistant, helps you reverse safely from a parking space during poor visibility. It can even engage the brakes automatically if it detects imminent danger.

PARK ASSIST**

Minimise the hassle of parking in tight spots with Park Assist. With a press of the button, the system will begin searching for a parking place in a row of parallel or perpendicularly parked vehicles. When parallel parking it only needs a space 60 cm longer than the car itself. The car will steer itself into the space while the driver controls the pedals.

FATIGUE DETECTION*

This clever assistant system evaluates data from the power steering sensors to detect any driver fatigue behaviour. In such cases, the High-Resolution Display warns the driver to take a break.

LANE ASSIST**

Lane assist always keeps you on the right track. Using a camera positioned within the rear-view mirror unit, it actively recognises lane markings and takes corrective action by gently steering you back on course.

^Available with Tech Pack.

+Available with Luxury Pack.

*Safety technologies are not a substitute for the driver's responsibility for the vehicle.

ALWAYS FEEL SAFE

There's safety in numbers. In extreme situations, when the driver cannot actively influence the outcome, the car's passive safety elements take over. That's why the KODIAQ comes with nine airbags as standard.

ELECTRIC CHILD SAFETY LOCK

Just one push of a button and your child's safety is assured. The electronically activated child safety locks will prevent them from opening the rear windows and doors and is controlled from the driver position.

FRONT DRIVER AND PASSENGER AIRBAGS

We're upfront about safety. While the driver's airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard.

Overseas model shown.

KNEE AIRBAG

This airbag, which is located under the steering wheel column, protects the driver's knees and shins.

HEAD AIRBAGS

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

FRONT AND REAR SIDE AIRBAGS

We've got you covered. These four airbags protect the pelvis and chest of the driver and other passengers in the event of a side collision.

PERFORMANCE

Every family will have a different use for the KODIAQ, from off-road expeditions to taking the troupe to ballet practice. No matter how you use it, every KODIAQ offers a dynamic drive combined with excellent fuel economy.

ADAPTIVE CHASSIS CONTROL[^] WITH DRIVING MODE SELECTION

The adaptive chassis continuously evaluates and responds to various driving situations – braking, acceleration, turning – and adapts to the decreases in speed and steering characteristics. Using the infotainment menu, you can select one of six modes – Normal, Comfort, Eco, Sport, Individual or Snow – tailored to your specific requirements. One press of a button and the KODIAQ will master any condition.

[^]Available with optional Tech Pack.

PETROL ENGINE

It's not often that you see 'turbocharged' and 'efficient' in the same engine summary. Our lighter, cleaner, more fuel-efficient engines include Volkswagen Group's impressive 2.0 litre, 132Kw turbocharged petrol engine that offers fantastic torque yet remaining fuel efficient at 7.6L/100Km**. This engine features technologies that are also making their debuts at ŠKODA such as the new B-cycle system.

DSG AND 4X4

The KODIAQ is equipped with a 7-speed Auto DSG (Direct Shift Gearbox) and four-wheel-drive.

OFF-ROAD MODE^

A mode for all conditions. With the intelligent Off-Road-Mode system, which operates at speeds of up to 30 km/h, you can handle all terrains. It is designed to adjust the characteristics of the engine, electronic assistants and stability control systems. These activated functions are shown on the infotainment display.

** Fuel consumption figures according to Australia Design Rule (ADR) 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

^Available with optional Tech Pack.

ADAPTS TO ANY ENVIRONMENT

The KODIAQ with 4x4 has an adventurous spirit. It relishes everything you throw at it, whether that's a corrugated country road or a track leading to an isolated beach.

ALL-WHEEL DRIVE

More x More. The 4x4 drive is provided by an inter-axle electronically-controlled multi-plate clutch. The coupling of the rear axle is automatic, so that the car is constantly monitoring the traction on the road, within less than a second it will engage 4x4 if necessary.

**DOOR EDGE PROTECTION**

Love thy neighbour. When opening all side doors, plastic strips magically appear and cover the edges. It helps the KODIAQ protect itself against damage as well as being considerate to other cars. That's why it's perfect in tight parking spaces.

Overseas model shown.

KODIAQ MAKES LIFE EASY

The KODIAQ was built with your real-life needs in mind.

That's why it comes with a multitude of Simply Clever features that are simply ingenious as they are intuitive.

UMBRELLAS IN FRONT DOORS

You'll be singing in the rain. Clever compartments with two original ŠKODA umbrellas are fitted inside both front doors. They are designed to let water drain away from the car, keeping the interior dry.

TICKET HOLDER

Keep parking inspectors on your side. When you need to display a parking ticket in a visible place, the KODIAQ is equipped with a parking ticket holder under the windscreen.

BOTTLE AND MOBILE PHONE HOLDERS

We haven't forgotten about the comfort of passengers in the third row of seats. They will appreciate the holders in the luggage compartment side cover.

SUNGLASSES COMPARTMENT

Look good while staying safe. Located above the interior rear-view mirror, you'll never have to take your eyes off the road when you need your sunglasses. (Not available with optional panoramic roof).

SPACE TO SHARE

How big is your family? With seven seats as standard, the KODIAQ can transport up to seven people with ease and in maximum comfort.

The elegant, functional interior inspires confidence and evokes a peaceful ambience. Digital Voice Enhancement can transmit the driver's and front passenger's voice to the rear part of the car. All the better for safely chatting with family and friends on that trip away.

LUGGAGE, WITHOUT THE BAGGAGE

Load it up. A quick look behind the tailgate of the KODIAQ will impress you, because it offers unrivalled boot capacity and exceptional variability. In addition, we offer a range of Simply Clever details and solutions which you can choose according to your specific needs.

VIRTUAL PEDAL[^]

Your kids will ask for more magic tricks. Do you struggle to open or close the luggage compartment when your hands are full? Just swipe your foot underneath and, hey presto, it will open for you automatically. The virtual pedal enables contact-free access.

[^]Available with optional Tech Pack.

ELECTRICALLY-CONTROLLED TAILGATE

Open, Sesame! It opens with a simple touch of a button on either the remote control or in the driver's door and closes via a button on the rear tailgate – this is especially handy during unfavourable weather. You can also adjust the upper door position to suit your needs.

STORAGE SPACE

When using the third row of seats, you have to remove the luggage space cover. The double floor provides a special storage space for it, so you don't have to keep it in the garage or at home.

ROOM FOR EVERYONE AND EVERYTHING

CAPACITY

If you don't have your tribe in-tow, you can create all the luggage space you need in the KODIAQ. Lay the third row of seats flat, and you get 630 litres. Lay flat the second row as well, and you get a massive 2005 litres.

Overseas model shown.

HOOKS

You'll be hooked as soon as you use them. Whether it's a shopping trip or a trip away, these handy hooks are great for hanging bags from and creating more space.

LED FLASHLIGHT

The path is always clear. A practical removable LED flashlight can be found on the left side of the luggage compartment. It recharges automatically while the engine is running.

NET PROGRAMME

Catch of the day. The net programme adds to the KODIAQ's versatility. In the luggage space you will find anchor points for the net programme to help you keep everything tidy in the car and prevent luggage from shifting.

CARGO ELEMENTS

To avoid any undesired movement of luggage while driving, these two plastic cargo elements with a Velcro fastener are ideal. They can be stowed away in the compartments behind the rear wheel arches when not in use.

COMFORTABLE ANYWHERE

No trip is ever 'ordinary' in the KODIAQ. Cocoon yourself in luxury no matter where you're going – whether that's a quick trip to the shops or on a grand adventure.

ROLLER BLINDS FOR THE REAR SIDE WINDOWS

The Australian sun can be harsh. Mechanical roller blinds let passengers control how much sun they want.

WITH 3-ZONE CLIMATRONIC+, EVERYONE'S COMFORTABLE

Everyone's in their comfort zone in the KODIAQ. Equipped with three zone air-conditioning and humidity control, the system allows the driver and front seat passenger to set different temperatures for optimal comfort, while the humidity sensor directs air flow as required, keeping the windscreen fog-free.

KEYLESS ENTRY, START AND EXIT SYSTEM (KESY)

We have the keys to your start. Standard in the KODIAQ is KESY. It allows the driver to lock and unlock the car, and start and stop the engine, without having to insert or even handle the key.

STEERING WHEEL

You'll never want to take your hands off the wheel again. The 3-spoke flat-bottom multifunctional leather steering wheel allows you to control the radio, phone and driver assist systems.

+Available with optional Luxury Pack.

Green ambient lighting

AMBIENT LIGHTING

It's up to you to choose one favourite colour or to complement each day with a different tone. There are ten colour options to choose from. The LED ambient lighting located above the glossy black door decors.

Overseas model shown

TABLET HOLDER

Nobody is just a passenger. Driving the KODIAQ is the fun part, but those in the back can enjoy the journey just as much. The tablet holders enable you to securely fit a tablet, or even a mobile phone to the front seat headrest.

ENVIRONMENTAL LIGHTS

The Environmental lights with LEDs are designed to illuminate the entry area. They're located on the external side mirrors.

WHEELS

WELCOME TO CARE-FREE OWNERSHIP

ŠKODA Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a ŠKODA as fantastic as buying one.

5 YEAR WARRANTY UNLIMITED KMS

After getting behind the wheel of a ŠKODA, it's not hard to see why they're so beloved by their owners. Quite simply, ŠKODA vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. ŠKODA Australia provides a 5 Year/Unlimited Kilometre Warranty[#] across the entire range. Conditions and exclusions apply.

Every new ŠKODA vehicle includes a complimentary one year roadside assistance, from the warranty start date. The complimentary roadside assistance will subsequently be renewed on an annual basis for the second, third, fourth and fifth years, if the vehicle is returned to an Authorised ŠKODA dealer for scheduled maintenance (as per the ŠKODA service program) up to a maximum of five years.

[#]5 Year Warranty consists of 3 Year Factory Warranty and 2 Year Factory Extended Warranty. 5 Year/Unlimited Kilometre Warranty is available with private, general fleet and government vehicles only. Excludes rental vehicles, hire cars, taxis, courier vehicles, driving school vehicles, security vehicles, bus and tour vehicles which are subject to a 5 Year/150,000 Kilometre Warranty (whichever occurs first). Your rights under this warranty sit alongside the consumer guarantees under the Competition and Consumer Act 2010 which cannot be excluded. [^]ŠKODA Service Pack covers standard items as contained in each scheduled service interval only. Exclusions apply. For full terms and conditions please visit www.skoda.com.au/skoda-care

ŠKODA Service Pricing

Buying a car is one thing, but owing a car is something else entirely. We're sure you'll want to know the costs of any service before you book it in. The cogs in our heads have been turning and we've come up with a solution we think is pretty clever. Our handy online service calculator can help you find the cost of your next service, scheduled to occur every 12 months/15,000 kms (whichever occurs first)[^]. No hidden expenses, no nasty surprises.

Genuine Parts

You don't have to be a genius (AKA a ŠKODA technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty on all genuine parts, peace of mind comes easily too. Exclusions apply, please visit skoda.com.au.

Service Packs

Why worry about handling the payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 3 Year/45 000km or a 5 year/75 000km ŠKODA Service Pack[^] at any of our ŠKODA dealers. That way you can simply book a service time that suits you, and the costs are already covered. Your car, serviced at your convenience.

ŠKODA CHOICE: PROTECT YOUR INVESTMENT

Enjoy a flexible finance solution that provides you with the assurance of knowing exactly what the minimum value² of your vehicle will be at the end of your term.

- ✓ Peace of mind knowing the minimum future value of your ŠKODA right from the start, so you know it will retain its value over time¹
- ✓ Personally tailored solutions, based on your term and kilometre usage
- ✓ Opportunity to upgrade your ŠKODA to the latest model more often, enjoying the best innovations and new technologies

At the end of your term, you can simply choose to:

TRADE-IN

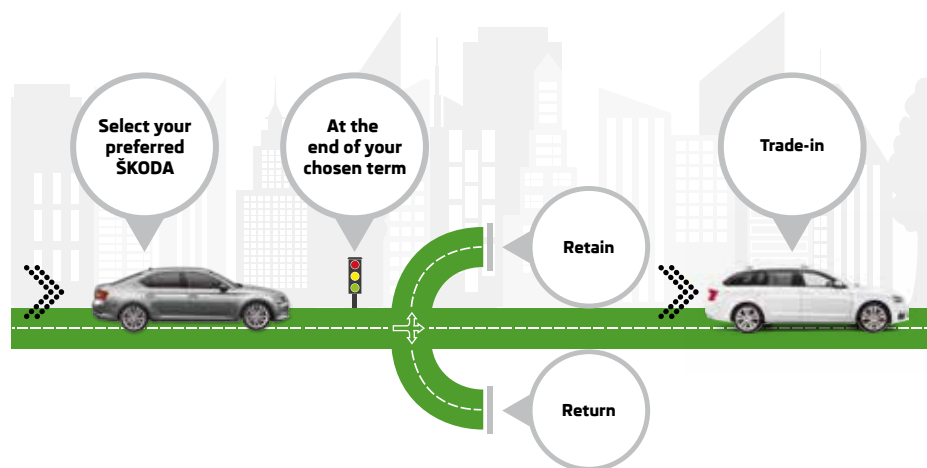

If you wish to trade-in your ŠKODA for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value, you can use this equity towards your new vehicle.

RETAIN

If you prefer to retain your ŠKODA, simply let us know. Provided that you also meet the relevant payment obligations under your contract, if we agree, you can purchase your vehicle outright for the Guaranteed Future Value price locked in at the start of the contract². Then your ŠKODA is yours to keep, or you can choose to refinance your residual at the end of the term.

RETURN

Simply return your vehicle to your ŠKODA dealership at the end of the term. If the vehicle meets the agreed requirements², we will give you the benefit of the full Guaranteed Future Value amount.

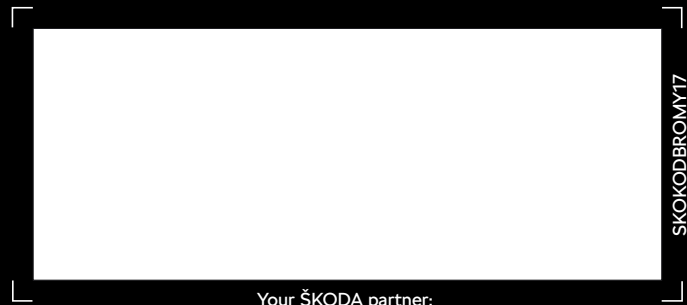

For more information on our Guaranteed Future Value program, visit www.skodafinancialservices.com.au/gfv

1 The ŠKODA Choice Program consists of an option to require ŠKODA Financial Services to purchase your vehicle at the end of your ŠKODA Financial Services Chattel Mortgage or Consumer Loan for a value (known as the Guaranteed Future Value) determined by ŠKODA Financial Services and set out in your contract. The Guaranteed Future Value is not a representation by ŠKODA Financial Services as to the likely market value of your vehicle as at the end of your contract. The option is available on new and demonstrator ŠKODA vehicles for selected models only. Please verify with your dealership vehicles that are eligible for the program. 2 If vehicles are not returned in an acceptable condition, as defined in the terms and conditions or exceed kilometre restrictions the Guaranteed Future Value will be reduced. See the ŠKODA Choice Fair Wear and Tear Guide for more information on the required conditions and circumstances. The cost of the ŠKODA Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information on this page, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of ŠKODA Financial Services. Subject to credit assessment. Fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating ŠKODA dealers. ŠKODA Financial Services is a trading name of Volkswagen Financial Services Australia Pty Limited ABN 20 097 071 460. Australian Credit Licence 389344.
