ŠKODA

THE NEW ŠKODA SUPERB

Superb 206TSI 4x4 shown with a Superb 4000, type 919 from 1940

A CAR THAT TRULY EARNS ITS NAME.

Imagine a car that blurs the line between beauty and functionality.
Where style and space are in perfect harmony.
Where there's room for everything except compromise.

Welcome to the new ŠKODA Superb.

Sculpted by a new, more emotional, design language, the Superb takes its place at the top of the ŠKODA range. As well as being incredibly stylish, it's also the most spacious and comfortable ŠKODA yet – perfect for family and business alike. And being a ŠKODA, this car showcases our finest Simply Clever thinking, and is the most technologically sophisticated model we have ever produced.

This car represents over 120 years of forward thinking, a commitment to making cars that are as much a joy to drive now as they were back when we started. Because instead of looking back on our eventful history, we use it as an inspiration to look ahead.

That's Simply Clever. That's ŠKODA.

DESIGN

The ŠKODA designers responsible for the new Superb were set a clear task: to create a car revolutionary in terms of both technological sophistication and design. The result of their efforts is the new Superb; taking ŠKODA's design language to a completely new level.

Precise and horizontal lines highlight the athletic build of the new Superb. The **LED technology** combined with the crystalline design elements in the distinctive C-shaped rear lights further adds to the feeling of poised elegance.

The side of the new Superb radiates a dynamic profile with emotional appeal - a result of perfectly-balanced proportions and sporty silhouette. The wheelbase has been extended by 80 mm as compared to the previous generation. Moreover, the visual appearance of the side profile has been reduced by making the headlights and taillights reach deep into the sides; with clean-cut surface planes combined with bold edges.

The front view of the new ŠKODA Superb is characterised by a wide radiator grille, centrally positioned logo and dynamically contoured bonnet. The razor-sharp wide headlights and front fog lights also help conjure up a striking brand individuality.

Inspired by the VisionC concept car, the designers have extended the bonnet edges as far as the line that goes between the bottom and top sections of the vehicle creating a so-called "Tornado Line 360". As a result, the front looks compact despite the variety of shapes used in it.

Superb Wagon 206TSI 4x4 with optional Tech Pack and sunroof shown

EXTERIOR

The sleek contours of the door mirrors with **integrated indicators** give the new Superb a sporty look, whilst maintaining total functionality.

In addition to being electrically-adjustable and heated, the door mirrors retract automatically once the car is locked. Activated upon unlocking and opening the door, the **LED environment lights** illuminate to help you see surroundings more clearly such as puddles.

Furthermore, the mirrors feature **auto dimming** and **memory function**, allowing the mirrors to automatically adjust to the setting of the driver's preference.

The optional, electrically-adjustable panoramic sunroof gives you the feeling of unlimited space and freedom. On the wagon, the sunroof boasts over one metre in length. The front part of the sunroof can be tilted up and slid backwards, whilst the rear part is firmly built into the roof.

Bi-Xenon headlights with Adaptive Front Light System and **LED daytime running lights** celebrate the renowned Bohemian glass-cutting skills. The integrated headlight washers ensure headlights are clean so visibility is maximised.

The stylish decorative **door sill trims** with the Superb inscription are a clear nod to the car's overall blend of form and function.

INTERIOR COMFORT

Loaded with thoughtful features, the new Superb delivers exceptional comfort, whether its staying relaxed during long journeys or being entertained whilst on the move.

The **3-spoke multifunctional steering wheel** allows full control of the Bluetooth® phone and audio streaming, as well as the control of the trip computer functionalities and vehicle status. The steering wheel can also be upgraded to include paddle shifters* for the sporting enthusiasts.

Whilst most competitors offer dual zone climate control, the Superb's **three-zone Climatronic air-conditioning** allows the driver, front passenger and rear passengers to set their own preferred temperature independently. At the same time, an enhanced air filtration system improves cabin air quality, reducing dust and pollen.

Advanced Keyless Entry including Smart Start (KESSY)* can be added to allow the driver to lock and unlock the car and start and stop the engine without having to insert or even handle the key. As long as the key is within 1.5m of the sensor, the system will work, and a number of simply clever features ensure you can check the lock, preventing you from locking the key inside and preventing unwanted access.

*Standard on the 206TSI 4x4; included in the optional Image Pack for 162TSI and 140TDI.

The **ambient lighting*** throughout the Superb cabin creates the perfect mood, making your journey more enjoyable and comfortable. Intensity of the lights can be adjusted via the Columbus infotainment unit.

For added convenience, the new Superb is equipped with **electrically-adjustable driver seat with memory function**. Memory function stores three separate positions of the seat and external mirrors. Electrically adjustable front passenger seat is available in the optional Comfort Pack.

Rear sun shade covers provide protection from the sun on long journeys.

The **comfort foot rests** for rear passengers attach to the floor mats, providing added comfort for long journeys.

*Standard on the Superb 206TSI 4x4; included in the optional Image Pack for 162TSI and 140TDI

CLEVER INSIDE

There's a place for everything, even in your car. The new Superb features a multitude of compartments, pockets and holders, keeping your elegant interior tidy and your belongings safe.

A spacious **storage compartment** is housed in the front armrest, within which you can store items safely, or keep them cool. Cup holders can also be found in the centre console. For added convenience, a **base grip bottle opener** is fitted allowing the driver to easily open bottles with one hand.

The **illuminated and air-conditioned glove box** in the lower part of the dashboard by the front passenger is a convenient place to stow away items.

The **tablet holder** enables you to securely fit your device to the rear armrest or the front seat headrest, which will keep rear passengers entertained throughout any journey.

Two plastic cargo elements are located within the Superb's boot, ideal for securing items. Fitted with velcro, they can be attached to the boot floor and when not in use, can be conveniently stowed away behind both rear wells in the boot.

The rear passenger armrest contains two cup holders for convenience.

A unique novelty on all Superb are the **two original Superb Umbrellas**, situated inside both front doors. The compartments are designed so that the water from the wet umbrella flows away from the car, keeping the interior dry.

You will find a **1.5-l bottle holder** in a spacious compartment in the front and rear doors.

SPACE

Hidden within the new Superb's sleek design is exceptional space. The luggage capacity is one of the largest in its class, competing with large SUV's. For added practicality, Simply Clever solutions have been added to make handling luggage even easier.

Now it is possible to open the boot simply by sweeping your foot underneath the rear bumper, thanks to the new **Virtual Pedal***. This feature enables hands-free access to the electric tailgate.

Alternatively, when Virtual Pedal* is equipped, access to the electric tailgate can be opened and closed through conventional means at a mere touch of a button. The tailgate can be operated from four separate locations:

- from the remote control
- from the centre console
- from the internal button on the tailgate
- from the external soft-touch button

*Included in the optional Tech Pack.

The new Superb is one of the largest in its class for space; the Sedan boasts **625 litres** of boot space, whilst the Wagon offers a capacity of **660 litres**, stretched to 1,950 litres with the rear seats folded down.

When Virtual Pedal* is equipped, the rolling cover of the luggage compartment provides shifts to the centre position after the electric tailgate is opened, making it easily accessible to luggage

Under the rolling cover in the wagon serves a convenient open storage holder for transporting lightweight items securely.

Foldable hooks, located on the sides of the luggage compartment, make shopping items easier to transport and more secure.

INFOTAINMENT

You can communicate, work or entertain yourself with ease on board the new Superb. The new generation of infotainment brings top-level connectivity so you can enjoy the best functions of your mobile devices on-the-go.

SmartLink featuring Apple CarPlay®. Overseas model shown

Your car and smartphone are now in perfect sync. The **SmartLink*** system delivers a seamless connection between your car and selected apps from your smartphone using, **Apple CarPlay®** and **Android Auto™** interfaces. Whether you want to select and listen to music on your smartphone or receive turn-by-turn directions, selected apps are mirrored and can be controlled via the Superb's Columbus infotainment unit.

For those who love their music, the eight speaker sound system can be upgraded to a premium, German **Canton Sound System*** with twelve speakers, including a central speaker and subwoofer. Canton also adds a digital equaliser; sound level controls allowing optimisation for all or individual occupants; vehicle noise cancellation and the ability to play Dolby 5.1 surround sound.

The car stereo, **Columbus Navigation System** and trip computer are housed in one system that gives the driver access to the vehicle setup and comfort functions through a single device. The proximity sensor recognises when a hand is moving towards the touchscreen and brings up the function buttons ready to be used, while intuitive swiping and pinching movements allow the user to scroll menus and zoom into maps easily.

*Included in the optional Tech Pack

SAFETY

Outstanding attention to design and detail means you benefit from not only sophistication, but also exceptional levels of safety for you and your loved ones. In addition to the essential prerequisites of safety such as the exceptionally strong body and excellent driving characteristics of the vehicle, the Superb offers **nine airbags*** as standard.

Overseas Model Shown

*Images are for illustrative purposes only

Passenger Protect Assist[^] uses information from the car's braking and electronic systems to recognise when there is a high chance of collision. If this is detected, the front seat belts will tighten and the sunroof (if equipped) and windows will close to help keep the car's occupants in the optimum position for airbag deployment and reduce items flying into the car. Drivers who prefer to desensitise the Passenger Protect Assist can change these settings on their touchscreen display.

It can also play a predictive role in conjunction with the front radar (Front Assist). Monitoring the traffic ahead, the Passenger Protect Assist is able to predict emergencies and intervene across a wider range of situations.

DRIVER ASSISTS

The new Superb puts a host of innovative assist systems at your service, offering unrivalled convenience and greater safety than ever before.

An outstanding, technological advancement, standard on the new Superb is **Adaptive Cruise Control (ACC)*** - an extension of the conventional cruise control system with advanced capabilities based on a radar sensor located on the front grille. When ACC is activated, the vehicle automatically brakes and accelerates to a speed and distance set by the driver. The dynamics of the ACC system can be individually varied by selecting one of the driving programs from the Driving Mode Selection.

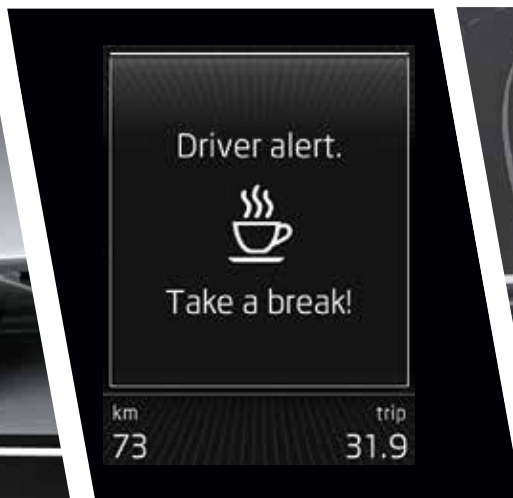

Utilising the same radar sensor, the **Front Assist*** safety system monitors the area in front of the car at speeds above 30km/h. Using predefined algorithms, it decides whether these objects pose a potential risk of collision and alerts the driver if the distance to object is insufficient - initially with a tone and an alert on the multi-functional display; followed by a warning jolt of the brakes. If the driver doesn't respond, the car will brake itself - all the way to a standstill if needed, helping to avoid a collision or reduce the severity of the accident. It can be turned off by the driver via the touchscreen. For vehicle speeds below 30km/h, City Emergency Brake is designed to help a driver avoid a low-speed crash or to reduce its severity.

For those wishing to make both parallel parking and bay parking easier than ever, an **Automatic Parking Assist**** can be added. With a press of a button, the system will begin searching for a parking space in a line of cars or other obstacles. When a suitable space is found (the car's length + 60cm is all the space needed), the car will steer itself into the space whilst the driver controls the pedals. This system will now also steer the car out of a line of cars from its parking space and with two presses of the same button, the car will search for and manoeuvre into a bay parking space.

Lane Assist** is a lane departure warning system that is designed to help reduce the likelihood of the vehicle leaving the road or crossing into an oncoming lane and therefore the risk of accident as a result of driver distraction or a lapse in concentration. Using a camera positioned within the rear-view mirror unit, it actively recognises lane markings and takes corrective action by gently steering you back on course. The system is also equipped with a warning tone and message in the multi-function display for situations that require additional actions from the driver.

Standard across all variants, the **Rear View Camera*** gives a clear view of objects usually out of sight allowing the driver to manoeuvre with added confidence and safety. When in reverse, the infotainment unit reveals a real-time image display with superimposed graphic lines thanks to the camera built into the tailgate.

Fatigue Detection* monitors the movement of the driver through the steering wheel and if the driver begins to display signs of fatigue, the car will audibly alert the driver with a tone and show a break recommendation alert on the multi-function display.

Side Assist (Blind Spot Detection)** uses radar sensors in the rear bumper to monitor the blind areas behind and beside the car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver, with optical and acoustic signals.

The **Traffic Jam Assist**** is a comfort function designed to facilitate the driving of the new Superb in traffic jams. By controlling the engine, brakes and steering, it makes the vehicle pull away, brake and turn to copy the movement of the surrounding vehicles (at speeds of up to 60 km/h).

Using the same radar sensors, the **Rear Traffic Alert**** feature helps you reverse safely from a parking space with poor visibility. It can even engage the brakes automatically if it detects imminent danger.

ENGINES AND TRANSMISSION

If the design of the Superb teased you from the outside, a closer look under the bonnet will set your pulse racing. The new generation of petrol and diesel engines offers outstanding performance without compromising on fuel economy and comfort. All engines feature **Green Tech*** - a technology allowing for further improvement in fuel economy through the "Start Stop" and Brake Energy Recuperation features. "Start Stop" allows the engine to automatically switch off when idle and immediately switch back on as soon as the brake or clutch pedals are released. "Stop Start" can be deactivated when required. In addition, Brake Energy Recuperation enables the use of kinetic energy to charge the car battery when the brakes are applied.

The Superb offers two impressive 2.0 litre turbocharged petrol engines. The powerful **162TSI** from the sporty Octavia RS, provides incredible power and torque, yet remaining fuel efficient at 6.4L/100km[~]. For those in the pursuit for speed, the **Superb 206TSI 4x4** engine channels 206kW of power and 350Nm of torque, offering heart-thumping excitement from idle to redline. With the latest in all-wheel-drive technology ensuring optimum grip during fast cornering, you'll never feel more at one with the road than in a Superb 4x4.

In addition to the petrol variants, the **140TDI** turbocharged diesel engine offers a strong 400Nm with a remarkable combined fuel economy of 4.8L/100km[~]. Based on this figure, the 140TDI has an extraordinary fuel range of almost 1400km on a single tank.

*Deactivation of Stop-Start function will not occur in certain conditions.

~Fuel consumption figures according to Australian Design Rule (ADR) 81/02

All engine platforms are coupled with a **6-Speed DSG automatic gearbox** which uses two clutches and two sets of gears to preselect your next gear while you're still driving in your current gear. Used in nearly all high-end sports cars, DSG dual-clutch technology is trusted by the world's leading car manufacturers.

Enjoy the high performance of your car in maximum comfort and safety. The **Adaptive Chassis Control*** continuously evaluates and responds to various driving situations (braking, acceleration, turning), adapting the damping and steering characteristics. As part of the infotainment menu, **Driving Mode Selection** allows the driver to adapt the car's behaviour to their preference or needs. Five driving modes are available: Normal, Sport, Eco, Comfort and Individual (Individual allowing the driver to configure their own settings). The car will then adapt the engine torque, accelerator sensitivity, power steering, headlight control (with AFS), DSG transmission, and air conditioning to suit the profile selected.

*Included in the optional Tech Pack

Blank Alcantara® leather-appointed trim shown*

The Superb range offers **black Alcantara® leather appointed** seat upholstery, with the option of beige or black perforated leather-appointed seat upholstery with ventilated cooling* seat upholstery*.

The new Superb includes a host of technology, safety and comfort features as standard, including: 9 airbags~, Adaptive Cruise Control including Front Assist and City Emergency Brake^, rear view camera^ with front and rear parking sensors, fatigue detection^, 8" touch screen Columbus Satellite Navigation, SmartLink smartphone connectivity including Apple CarPlay® and Android Auto™, 3-zone Climatronic air conditioning, front heated seats, electrically adjustable driver seat with memory function, Bi-Xenon headlights with LED daytime running lights, Light Assist with rain sensing wipers and 18" Pegasus anthracite alloy wheels.

*Leather appointed seat upholstery has a combination of genuine and artificial leather, but are not wholly leather.

General information

OWNING A ŠKODA

ŠKODA New Vehicle Warranty

Every new ŠKODA passenger vehicle is covered by a three-year unlimited kilometre manufacturer's warranty, which includes ŠKODA Assist (24-hour roadside assistance). Every new ŠKODA vehicle is also covered by a 3 year paintwork and 12-year anticorrosion perforation warranty. For further information regarding this New Vehicle Warranty, including pricing and terms and conditions, please consult your local ŠKODA dealer or visit www.skoda.com.au.

ŠKODA Extended Warranty[‡]

To give you added peace of mind, you can now purchase an Extended Factory Warranty with your new Superb. This warranty gives you an additional 2 years/unlimited kilometres of coverage, including roadside assistance. For further information regarding this Extended Warranty, including pricing and terms and conditions, please consult your local ŠKODA dealer or visit www.skoda.com.au

Capped Price Servicing Every Calendar Year

The Superb comes with peace of mind included, with Capped Price Servicing Every Calendar Year now available at participating ŠKODA dealers. Authorised ŠKODA Service Centres have factory trained technicians equipped with the very latest diagnostic equipment, specialist tooling and ŠKODA Genuine Parts. For further information regarding Capped Price Servicing program, including pricing and terms and conditions, please consult your local ŠKODA dealer or visit www.skoda.com.au.

ŠKODA Assist – 24-Hour Roadside Assistance

As a valued customer, you can be assured that wherever you travel within Australia, you will have access to roadside assistance, 24 hours a day, 365 days a year. This is complimentary for the duration of the vehicle's original ŠKODA warranty period. You will receive help in the event of a breakdown or accident and, if required, your vehicle will be mobilised or transported to an Authorised ŠKODA Workshop. As a ŠKODA owner you will also have access to the additional benefits of accommodation and car rental if your vehicle cannot be mobilised within 24 hours, when you are over 100km away from home.

ŠKODA Care Pack[‡]

ŠKODA Care Pack^{*}

To ensure that extra peace of mind, ŠKODA Care Pack is now available at all authorised ŠKODA dealerships to provide owners even more security and comfort. By combining ŠKODA Extended Factory Warranty[±] and 3 years Scheduled Servicing or 5 years Scheduled Servicing into one bundle, customers can be confident knowing that their ŠKODA vehicle is in the safe hands of our factory trained technicians. Also, with an added 2 years of roadside assistance, ŠKODA owners can be assured that they are in our excellent care. For further information, regarding this ŠKODA Care Pack, including pricing and terms and conditions, please consult your local ŠKODA dealer or visit www.skoda.com.au.

ŠKODA Service Pack[^]

To ensure that extra peace of mind, ŠKODA Service Pack is now available at all authorised ŠKODA dealerships to provide owners more security and comfort. With the choice of 3 years Scheduled Servicing or 5 years Scheduled Servicing, customers can be confident knowing that their ŠKODA vehicle is in the safe hands of our factory trained technicians. For further information, regarding this ŠKODA Service Pack, including pricing and terms and conditions, please consult your local ŠKODA dealer or visit www.skoda.com.au.

ŠKODA Genuine Parts[®]

ŠKODA Genuine Parts[®] are designed for your vehicle and approved by ŠKODA, with particular regard to safety. The workmanship, dimensional accuracy and materials used in these parts comply with factory specifications. To ensure safety and reliability, ŠKODA recommends the use of ŠKODA Genuine Parts[®]. ŠKODA Authorised Dealers offer a two-year unlimited kilometre warranty on Genuine Parts from the date of purchase.

ŠKODA Financial Services

Buying, borrowing or leasing, ŠKODA Financial Services will certainly make you think differently about financing and insuring your new ŠKODA. Committed to meeting the needs of ŠKODA drivers across Australia, we offer a range of leasing, financing and insurance products, each with distinct advantages depending on your specific circumstances. We can tailor a solution to suit your individual requirements, so you can rest assured that there will be no surprises along the way. Speak to your local participating authorised ŠKODA Dealer today to put together a solution that best suits your lifestyle.

Car Configurator

Build your own Superb with the right specifications to suit your lifestyle. Choose your exact engine, colour, optional packages and accessories to bring your Superb to life. Visit www.skoda.com.au

[±]ŠKODA's two year Unlimited Kilometre Factory Extended Warranty is only available for purchase from ŠKODA dealers at or on before the time of first registration of a new ŠKODA vehicle. It may not be purchased after taking delivery of a vehicle. Private buyers only. Your rights under this warranty sit alongside the consumer guarantees under the Competition and Consumer Act 2010, which cannot be excluded. ^{*}ŠKODA Care Pack and [^]ŠKODA Service Pack Service covers standard items as contained in each scheduled service interval only. Exclusions apply. For full terms, conditions and exclusions see terms and conditions below:

[^]The ŠKODA Choice Program consists of an option to require ŠKODA Financial Services to purchase your vehicle at the end of your ŠKODA Financial Services Chattel Mortgage, Consumer Loan or Hire Purchase for a value (known as the Guaranteed Future Value) determined by ŠKODA Financial Services and set out in your contract. The Guaranteed Future Value is not a representation by ŠKODA Financial Services as to the likely market value of your vehicle as at the end of your contract. The option is available on new and demonstrator ŠKODA vehicles for selected models only. Please verify with your dealership vehicles that are eligible for the program. If vehicles are not returned in an acceptable condition, as defined in the terms and conditions or exceed kilometre restrictions the Guaranteed Future Value will be reduced. See the ŠKODA Choice Fair Wear and Tear Guide, downloadable on this page, for more information on the required conditions and circumstances. The cost of the ŠKODA Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information on this page, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of ŠKODA Financial Services. Subject to credit assessment. Fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating ŠKODA dealers.

ŠKODA Choice: Protect your investment

Enjoy a flexible finance solution that provides you with the assurance of knowing exactly what the minimum value² of your vehicle will be at the end of your term.

- ✓ Peace of mind knowing the minimum future value of your ŠKODA right from the start, so you know it will retain its value over time¹
- ✓ Personally tailored solutions, based on your term and kilometre usage
- ✓ Opportunity to upgrade your ŠKODA to the latest model more often, enjoying the best innovations and new technologies

At the end of your term, you can simply choose to:

TRADE-IN

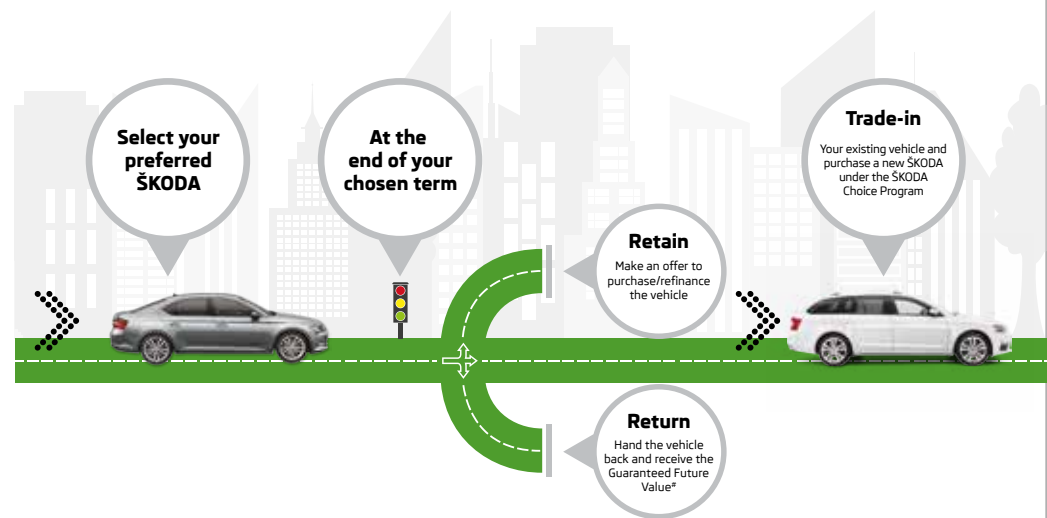

If you wish to trade-in your ŠKODA for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value, you can use this equity towards your new vehicle.

RETAIN

If you prefer to retain your ŠKODA, simply let us know. Provided that you also meet the relevant payment obligations under your contract, if we agree, you can purchase your vehicle outright for the Guaranteed Future Value price locked in at the start of the contract². Then your ŠKODA is yours to keep, or you can choose to refinance your residual at the end of the term.

RETURN

Simply return your vehicle to your ŠKODA dealership at the end of the term. If the vehicle meets the agreed requirements², we will give you the benefit of the full Guaranteed Future Value amount.

For more information on our Guaranteed Future Value program, visit www.skodafinancialservices.com.au/gfv

1 The ŠKODA Choice Program consists of an option to require ŠKODA Financial Services to purchase your vehicle at the end of your ŠKODA Financial Services Chattel Mortgage, Consumer Loan or Hire Purchase for a value (known as the Guaranteed Future Value) determined by ŠKODA Financial Services and set out in your contract. The Guaranteed Future Value is not a representation by ŠKODA Financial Services as to the likely market value of your vehicle as at the end of your contract. The option is available on new and demonstrator ŠKODA vehicles for selected models only. [#] Manufacturer's recommended retail price (MRRP) excluding dealer delivery charges, statutory charges and optional extras.

[^] Manufacturer's recommended driveaway price (MRDP). Options and metallic paint available for an additional cost. MRRP includes 12 months private registration, 12 months compulsory third party insurance, dealer delivery and stamp duty. The driveaway price shown is based on the owner being a 'rating one' driver aged 40 with a good driving record. Actual driveaway price may differ depending on choice of dealer and individual circumstances. SKODA Australia reserves the right to vary the MRDP in its discretion. The above pricing does not take into account any campaign/promotion that may be current in relation to any of the above models. Contact your local SKODA Dealer to confirm your specific price, availability and any current campaign/promotion pricing.
